

Remarks:

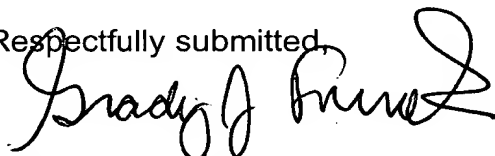

Consideration of the foregoing amendments and following remarks is respectfully requested.

The specification has been amended herein to correct a typographical error on line 14, page 205, as shown on the page 4 of this Preliminary Amendment.

Applicants respectfully submit a replacement sheet for FIG. 1 (sheet 1/32) to replace FIG. 1 of the subject application. Structures 9 and 10 have been amended to add a nitrogen atom ("N") to the three-ring system of each structure. This change was made in order to correct a typographical error in FIG. 1, as filed. The corrected structures are consistent with the description of structures 9 and 10 on page 31, line 24-26, and on page 36, *et seq.*

For reasons provided above, Applicants respectfully submit that none of the amendments to the specification introduced herein add any new matter to the application, as filed.

Respectfully submitted,

Grady J. Frenchick
